

Dental Benefit Summary

FHCP Medicare Premier Advantage

Enjoy your golden years with a healthy smile. Your FHCP Medicare plan is worth its weight in gold when it comes to helping you achieve good dental health.

Take advantage of your dental benefits

Even if you brush and floss regularly, you can still develop dental issues. Original Medicare doesn't cover typical dental services, but your FHCP Medicare plan does—it covers regular dental checkups that help your dentist find problems before they require major, costly dental procedures. This can even help manage certain medical conditions such as diabetes and heart disease.

The quality you expect

FHCP is your trusted partner for your medical and dental health. As a Florida-based company, we have the local expertise to ensure that our networks include only dentists credentialed to meet our high-quality standards.

What's included with your FHCP Medicare plan

Coverage for preventive dental services, including:

- Dental cleanings
- Dental X-rays
- Oral exams
- Simple extractions
- Denture adjustments

Be sure to let your dentist's office know that your plan is in the [BlueDental Copayment](#) network when you provide them with your information.

There are no out-of-pocket costs for any covered services when you visit a dentist in our network and no annual maximum. There is no out-of-network coverage. Check your Evidence of Coverage (EOC) for full details. You can find your EOC in your Member Portal at fhcpmedicare.com.

Get on the road to better dental health.

Save money by using an in-network dentist. You can find one at floridabluedental.com/find-a-dentist. Be sure to select your FHCP Medicare plan from the drop-down list of plans.
