Understanding BlueMedicare Dental Allowance

BlueMedicare dental allowance gives members the freedom to get the dental care they need. Allowance that members can use for the dental services they need— X-rays, fillings, crowns, dentures, and more.

Allowance Plans: \$3,000: Premier - Palm Beach \$3,500: Premier* - Lake, Marion, Sumter; Complete - Escambia, Okaloosa, Santa Rosa, Walton \$4,000: Preferred* - Hillsborough, Polk \$6,000: Total - Hillsborough, Polk

The chart below lists several services covered by the BlueMedicare Total plan. It shows the significant savings on dental services the member may use throughout the year. Because of the deep discounts offered by our network providers, the amount charged to the plan (“Dental Allowance Deduction”) is a fraction of the market rate. In the scenario below, the plan’s allowance would easily cover the services the member need, with no out-of-pocket cost. These discounts still apply, even if they exhaust their plan’s annual allowance.

BlueMedicare Total Allowance Usage Example:	Dental Allowance Deduction ¹	Market Rate ²
First preventative visit (D0120, D0274, D1206, D1110)	\$123	\$262
Deep cleanings (D4341 x 4)	\$472	\$1,468
Crown, including core build-up and pin retention (D2470, D2950, D2951)	\$715	\$1,887
Molar root canal (D3330)	\$560	\$1,296

To qualify, beneficiaries must meet the Income and Asset limit thresholds below. These limits are updated annually on April 1st. Visit myflfamilies.com/medicaid#ME to view current eligibility standards.
