

GTL Agent-Client **SIGNATURE GUIDE**

How to Easily Capture Your Client's Signature with GTL's Various Agent Portal/Web Browser Options and When to Use Them:

DIGITAL SIGNATURE: Available on the Agent Portal and e-App.

During in-person client meetings, clients can provide their signature using their finger or stylus via the touchpad, PC's touchscreen, or by utilizing the PC or laptop's mouse to 'write' the signature.

TEXT-TO-SIGN: Available via Agent Portal web browser only.

Use the Text-to-Sign option when the client is not present at the time of sale. A text message with a secure link will be sent to the client's smart phone to capture their signature in real time which allows you to proceed with the rest of the application.

VOICE VERIFICATION CALL: Available via Agent Portal web browser only.

Use the Verification Call option when the client is not present at the time of sale and does not have a smart phone. Type in your client(s) name into the signature box on the Agent Portal Authorization screen and submit the application. Then have your client call GTL's toll-free Voice Verification number to complete a 3 minute phone call to verify their personal information.

*These signature options are available for all
GTL products except Turbo Term.*

GTL'S DIGITAL SIGNATURE

You will be provided the digital signature option on the [Authorization page](#) during the application process.

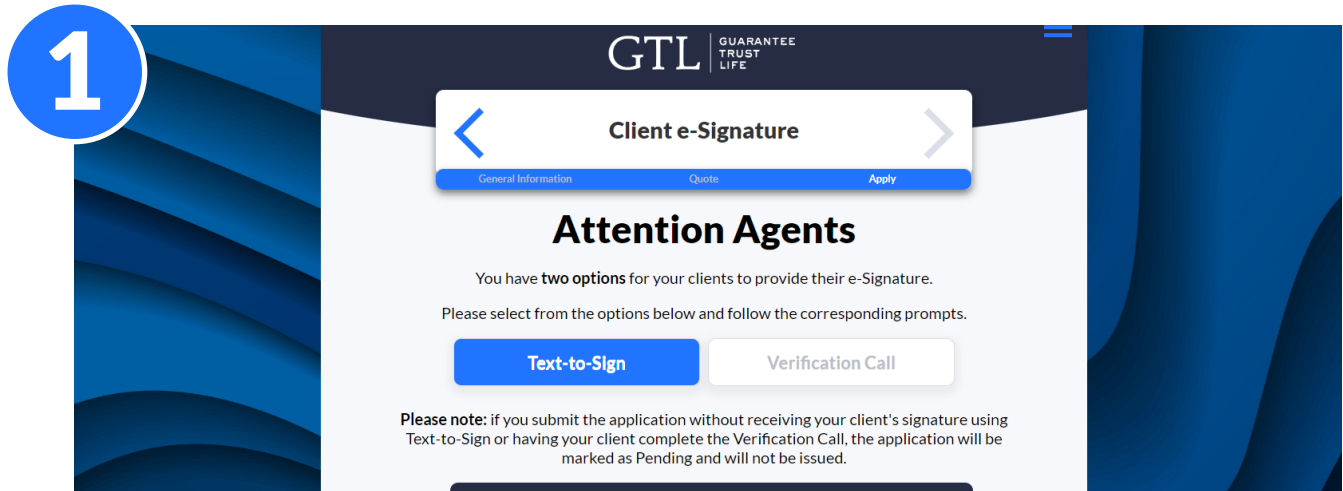

Click the blue underlined text link where your client can sign, shown in the pop-up window.

Please note: once your client signs using the digital signature feature and you hit "save and continue", **you cannot switch to Text-to-Sign or Voice Verification.**

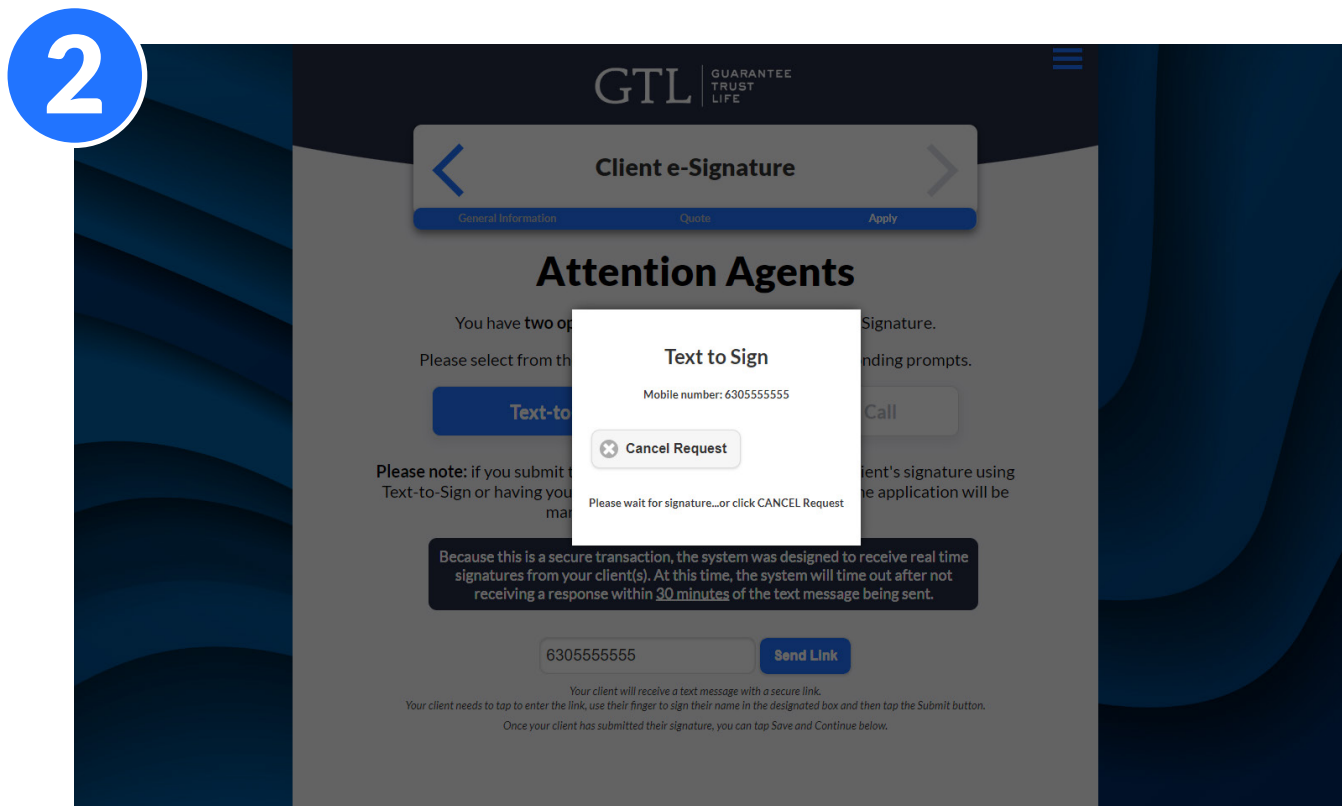

Only full, legal signatures will be accepted. No scribbles, lines, initials, etc will be accepted and will delay it's processing and your commissions.

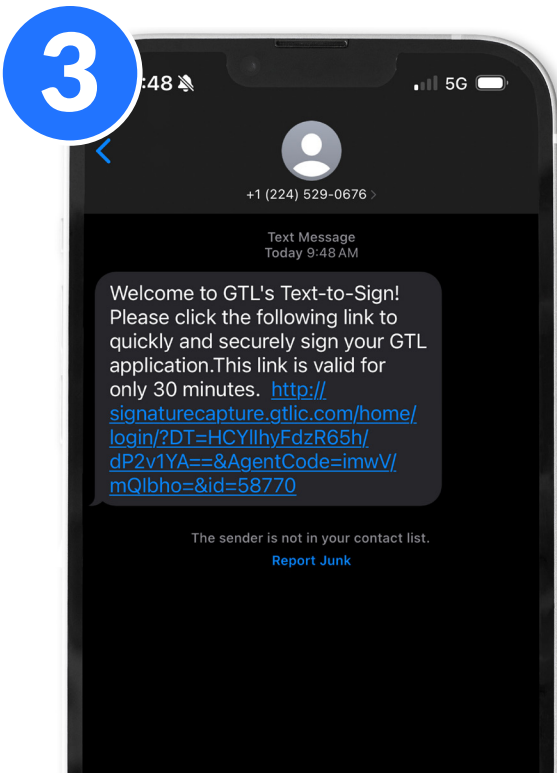

GTL'S TEXT-TO-SIGN

When you reach the Client e-Signature page, you will have two options.

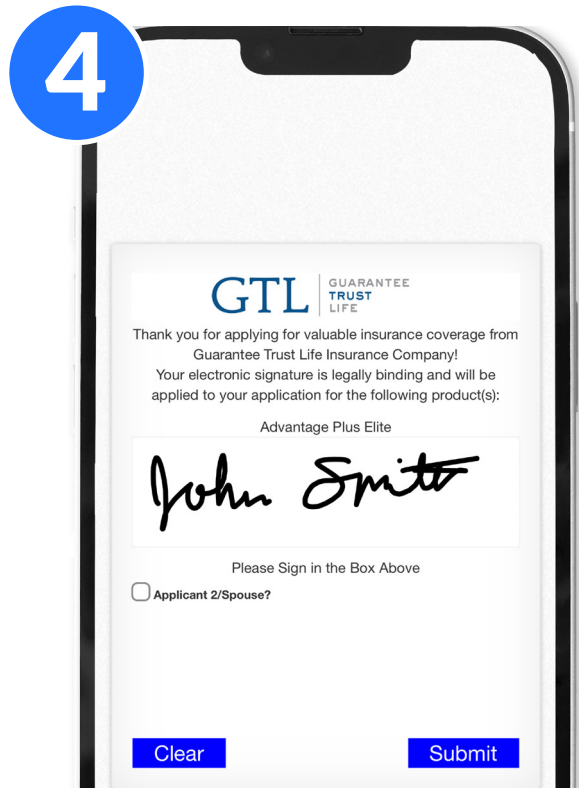

Select Text-to-Sign and enter your client's cell phone number and click "Send Link" button.

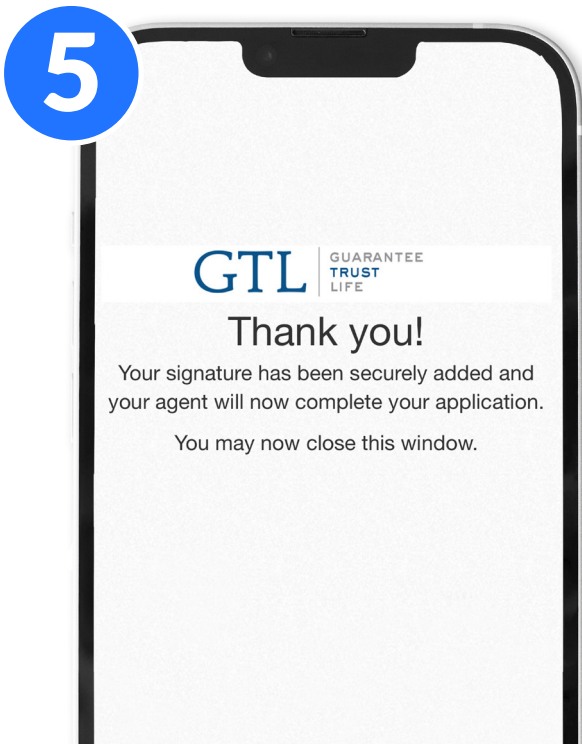

Your client will receive a text message with a secure link to sign their application.

Please note: Because Text-to-Sign was built to work in real-time, the link will be valid for 30 minutes and must be completed to continue the application.

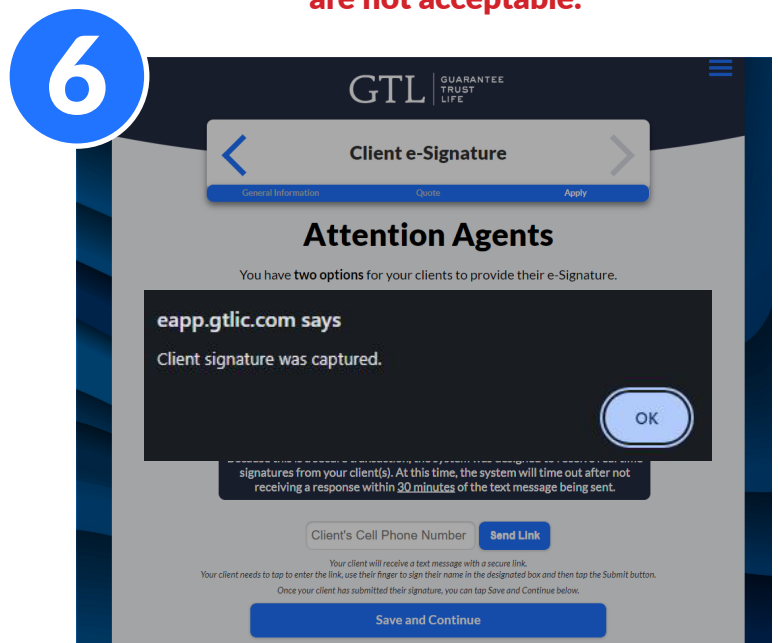

Your client will sign inside the window* and then tap Submit. A second signature (for Applicant 2) can be added by checking the bottom box.

NOTE: Your client must sign their full legal name or else Underwriting will require they complete a voice verification. You may need to turn the phone sideways to allow more field space for the full signature. Initials, dots, scribbles or lines are not acceptable.

Your client will receive a thank you message and can now close the window.

You will receive a message that the signature was captured. You can now continue with completing the application.

GTL's Automated **VERIFICATION SYSTEM**

Your client(s) must complete a quick verification call **ONLY IF**: They are not present to sign the application, or are unable to use the text-to-sign or digital signature feature.

ONLY THE INSURED(S) CAN COMPLETE THE VERIFICATION CALL — NOT THE AGENT, POWER OF ATTORNEY, OR ANYONE ELSE OTHER THAN THE INSURED

HELPFUL TIPS

Voice Verification Calls

- Make copies of this Voice Verification Guide for your clients and fill in each answer prior to them making the phone call so the answers are right there for them
- Circle the product(s) they are applying for, make sure they only list one product at a time when prompted, they will have an opportunity to list any others later in the call
- Have them respond only once to a given question and have them wait patiently for the next question
- Ask them not to speak over the recorded prompts
 - If they remain quiet the next question will follow
 - If they don't understand a question, they can press the # sign and the question will be repeated
- Keep background noise to a minimum during the recording (no paper shuffling, whispered prompts, etc.) and have them speak clearly, not too quickly or too slowly

FAQS

Why do applicants have to complete a verification call?

The verification call is only necessary if your client is not present to sign, or is not able to use the text-to-sign or digital signature option on our e-applications. If they are able to digitally sign their full, legal signature or hand write it on our paper applications, a verification call is NOT required.

How long does the average verification call take to complete?

3 minutes.

What number do applicants call to complete the verification call?

The toll-free phone number is (866) 839-5132.

Is the call toll-free?

Yes.

What hours is the verification system available?

GTL's automated verification system is available 24/7.

Who has to complete the verification call?

Any adult applicant(s) listed on the application for coverage. If a spouse applies for coverage on the same application, one verification call may be completed to confirm both applicants' information. Only the applicant(s) can complete the verification call – NOT the agent or anyone else present.

Do children need to complete the verification call?

No. Children applying for coverage via a child policy or child rider do not need to complete a verification call.

Does the applicant have to complete a separate verification call for each product applied for?

No. If the applicant(s) is applying for more than one GTL product at the same time, only one verification call need be completed. The applicant may verbally state all product names/types being applied for.

What if my applicant refuses to complete the verification call?

Use our e-app on a device that allows a finger signature, try our digital signature option on our e-app via pc or laptop, or submit a paper application with the client(s) written legal signature.

Who do I call if my applicant has a problem completing the verification call?

Contact the GTL Sales Support Department at (800) 323-6907 during normal business hours. (Monday through Thursday 7AM to 5PM or Friday 8AM to 12PM Central Time).

Can I submit the e-Signature application before my applicants complete the verification call?

Yes. Keep in mind, however, that GTL will not begin underwriting the e-Signature application until the verification call has been completed and the e-application has been received.
